Item: **General Report # 2015.322
Team Lockers – Milpitas High School
Wenger**

Description: The existing MHS team lockers are in poor condition. We are proposing to replace them as modernization work draws to a close in the locker building. ^{who?} Staff reviewed several locker systems to evaluate the available features and design options for both systems. The construction management team obtained pricing for each system and gave recommendations as to the build quality for each system. Staff chose Wenger since it provides more ventilation and a built in bench for students.

Budget Impact: **\$49,627.60 from Bond Fund 211**

Recommendation: **Accept the proposal from Wenger to purchase and install team lockers for the Milpitas High School Modernization project.**
